Ottawa Lake - Maybee - Milan - Coldwater - Muskegon - Ida - Ann Arbor - Angola - Hamilton

May 2003

Family Photo

In most of our articles we mention our Michigan Division plants the map below displays all of those plants. Maps, product information, price sheets, and any other information can be obtained on any or all of these locations from our Michigan Division office at (734) 587 8275, or by contacting a sales representative.

US 23

Over the next several months Ida West road to Cone road will be under heavy construction. Additional projects are starting along that highway as well, back ups could be experienced. Ottawa Lake operates from 6:00am until 12:00am Monday through Thursday, 6:00am until 10:00pm on Friday, and 7:00am until noon on Saturdays. We are currently looking to expand these hours to better serve you during this construction period, and we would like your input. Would the ability to haul all night benefit your company or project? Please contact a Stoneco Sales Representative with any requests or comments.

Seasonal Message

We had a very cold winter and long frost laws, now that we are through both we are looking forward to a good year. In efforts to better serve you we have increased production at our Maybee location, customer service is now our primary goal, we want to serve you. Once you give the new Maybee a try let us know what you think.

Sincerely,

Rick Becker
Stoneco Michigan Division Manager
