Safety First

The Michigan Aggregates Association (MAA) recognized the Stoneco Operations with a safety plaque at their annual Summer Meeting. To be eligible for the award the quarry had to work the entire 2005 season without a lost time accident. This was the first time that all Stoneco operations worked the entire season without a lost time accident. Please join us in congratulating everyone at Stoneco for working safely and returning home to their families each and everyday!

Monroe County Fair

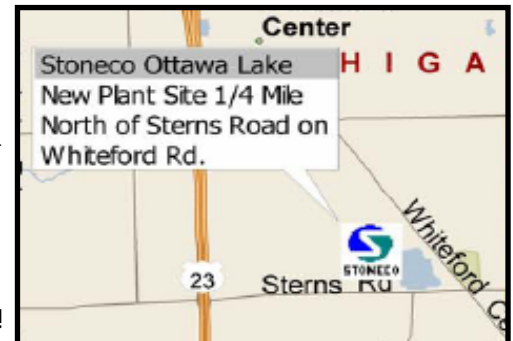

Stoneco has been an active sponsor of the Monroe County fair for a long time. The fair runs from Sunday, July 30th through Saturday, August 5th. Stoneco is involved in the opening day parade, tractor pull, and motor cross. Our focus has always been with the 4H program and their livestock auction. The 4H program mission is: To advance the 4-H youth development movement, to build a world in which youth and adults learn, grow and work together as catalysts for positive change. The livestock sale starts on Friday, August 4th at 6:00 PM. The auction is a great opportunity to help the 4H program, and put some lamb, pork, and/or beef in your freezer. Please come out and help support the children of Monroe County and the 4H program. More information on the fair can be found at www.monroecountyfair.com.
