June, 2007

## Safety First

Please stay in your vehicle. Three pedestrian deaths have occurred in the mining industry in recent years involving pedestrians being struck by either a front end loader or haul truck while on mine property. Whenever you dismount your vehicle you become the pedestrian. Unless you are in a designated safe area (*such as the tarping area*) for parking or dismounting your equipment, do not dismount. All Stoneco designated safe areas are clearly marked as such. Stoneco loader operators have been instructed to stop loading whenever an operator is outside their vehicle.

## Stoneco Footprint

This map depicts the location of all of our operations on the east side of the state. Below is a list of the plants and their addresses, all of them are located in Michigan.

## Sumpter Road - Maybee Quarry

The Sumpter Road haul route going to and from our Maybee Quarry will soon be under construction. The project is scheduled to start July 1st and be completed by November 2nd. The alternate route will be the same as last year taking Sumpter road North to Stony Creek, Stony Creek West to Palmer, Palmer North to Oakville Waltz. We are hoping for a much earlier completion date however there are no early incentives on this project.

## Price Updates

As of July Second the following price updated pricing will go into effect.

Location	Material	Updated Price
Zeeb Road	2NS	\$ 4.30
Ann Arbor	Broken Concrete	\$ 8.00
Ann Arbor	Oversize Broken Concrete	\$ 10.50

Please let us know if you have any questions.

## Quarry of the Year

We are happy to announce that the Denniston Quarry has earned the first ever Stoneco of Michigan "Quarry of the Year" award. The award is judged on four categories; safety, customer service, community relations, and good house keeping. Please join us in congratulating Lee, Ben, Mel, and all the other great employees at the Stoneco Denniston Quarry on this accomplishment.
