

# STONECO OF MICHIGAN NEWSLETTER

November 2007

Ottawa Lake, Maybee, Newport, Denniston,  
Ida, Zeeb Road, Ann Arbor

[www.stoneco.net](http://www.stoneco.net)

15203 S. Telegraph Monroe, Mi 48161- Phone: (734) 241-8966 - Fax: (734) 241-3636

## Safety First

Stockpiles have the potential to cause serious harm and can collapse with and without the influence of heavy equipment or other visible factors. Truck Drivers must stay alert while navigating our stockpile yards. Visual confirmation is always the best method to identify these hazards especially after wet weather or thawing. We do our very best to eliminate overhangs and never let them become severe.

### Best Practices:

- Avoid being on or under stockpiles.
- Keep windows, mirrors, and light lenses clean for best visibility.
- Never climb Stockpiles.
- Drive carefully around the base of stockpiles always being aware of other vehicles or people.
- Always wear your seatbelt.
- Never exit your vehicle, especially when it would place yourself between your vehicle and our mobile equipment.

## NSSGA – Community Awards

Our quarries were recently honored by the National Stone, Sand & Gravel Association for our active community relations program. The criteria for the awards include but aren't limited to being involved with and supporting our local communities, emphasizing the personal involvement of our employees in the community, and working with local media to develop positive coverage of our efforts. We were honored to be recognized for these efforts.

## NEW & EXCITING

We have Heavy (16" x 24") and Plain (8" x 16") Rip Rap back in stock at our Maybee Quarry. These materials are essential for any bridge revetment project. They are also an excellent addition to any landscaping project.

## New Hours

The below hours of operation will go into effect at all of our operations on Monday December 3<sup>rd</sup> 2007.
