## Safety First

### **Stoneco Achieves Eight Consecutive Violation Free Inspections**

We would like to take a moment to honor our employees and management staff at Maybee, Newport, Ottawa Lake, Denniston, and Zeeb Road. During the past month, these operations have been inspected by the Mine Safety and Health Administration for potential unsafe conditions. We are proud to announce that no violations were cited by the inspector at these operations. In addition, we have accomplished a Stoneco record for eight consecutive violation free inspections. We appreciate the support of our customers, neighbors, and vendors in helping to make Stoneco a safe place to do business and to work.

## Goodbye Mel

Mr. Mel Garno, our Scale Clerk at the Stoneco Denniston quarry is planning retirement at the end of the month. Mel has been involved in the quarry business in Monroe County since 1969 when he started for the France Stone Company. In that time he has covered every aspect of the business from operations to sales for five different companies. Mel personally knows each driver that comes through the operation and in most cases if their parent(s) were involved in the business he knows them as well. Mel's friendliness, experience, and dedication will be missed and we wish him the best of luck in retirement.

### NEW & EXCITING

You are invited to a full tour of our Ottawa Lake Quarry on the World Wide Web. We recently produced a video tour of the operation which can now be viewed on our home page at [www.stoneco.net](http://www.stoneco.net). The video tour only lasts a few minutes and is an informative way to learn more about quarries or share the experience with others.

## Saturday

As of Wednesday January 2<sup>nd</sup> all of our operations will be closed on Saturday. The Four Quarries and Zeeb Road will be open Monday through Friday. Our off-site sand project in Ida and the Ann Arbor Recycle Yard will rotate days Monday through Friday. Our current hours of operation are always updated on our website. [www.stoneco.net](http://www.stoneco.net). Any operation scheduled closed can be opened upon request. To make arrangements please contact Ryan Lumpford at (734) 777-3396.

## For Auld Lang Syne

Should *old* acquaintance be forgot... We don't think so. 2007 started out to be a year most thought we would want to forget once it was over. With the year we expected versus what we received; we are thankful for the dedication of our customers. We appreciate your business and if there is ever anything we can do please don't hesitate to ask. From all of us at Stoneco we would like to wish you and yours the best of Holiday Seasons and a safe and happy New Year.
