Safety First

No Double Lefts at Denniston

We continue to experience problems with two trucks turning left from the left and right turn lanes at the same time when exiting the Denniston plant in Monroe. Not only is this practice unsafe for both the drivers and the oncoming traffic it is illegal as the right lane is for right turns only. Please advise all trucks coming to this location to keep this in mind when exiting the quarry. Thanks for your help in keeping the drivers and oncoming traffic safe while exiting Denniston.
