Safety First

Slips, Trips, & Falls

Many slips, trips and falls do not happen from high elevations or unusual circumstances. They happen from stepping on objects such as extension cords, loose stone, tools and ice. They happen when people extend themselves on ladders, standing on hand rails, rushing down stairs and from sitting on the side rails of a pickup truck driving on a job site. Your thought is that many of these may not seem life threatening, however they are. Not only are people killed each day from these scenarios at work, most happen away from work. Please report any potential hazards at any of our locations to us immediately.

Chloride @ the OLQ

Stoneco Ottawa Lake has a chloride station that accepts \$1 bills. The station will be fully operational on Monday 1/11/09. It has one minute of use for one dollar. We have tested it and it is sufficient time to spray boxes out. Please advise any drivers that require chloride to carry one dollar bills. Please let us know how the new station works and any comments you may have. Change is available at the scale.

Emergency Salt - Flint

We have emergency salt loading at the CYDI Flint location. With a little notice we can make arrangements for early morning or late night salt hauling. We have capacity to handle 1-50 ton loads. Please contact Mike McIntosh at (810) 577-1911 to make arrangements.

Remember

Chloride Sand will be available at Zeeb Road in Ann Arbor and Patterson Road near Grand Rapids. For information regarding Zeeb Road Chloride Sand please contact Jason, Shawn, Lee, or Ryan. For more information regarding Patterson Road please contact Kristy Mann @ 269-806-7800 or Jeff Reed @ 269-208-3677. Chloride Sand is an affordable substitute for all your ice control needs.

MDOT – Rip Rap

We have a high quality MDOT Plain Rip Rap which is 8" x 16" at Stoneco Maybee. MDOT Heavy Rip Rap 16" x 24" is available at the Ottawa Lake operation. We carry 4x8 and 0x8 Surge at the limestone quarries and we can custom make most sizes with a little notice.

Updated Hours

Our current hours are listed below:

- Ottawa Lake: Mon-Fri 6AM-6PM
