Safety First

Michigan Paving is Presidential!

Michigan Paving and Materials Company, the parent company of Stoneco of Michigan, was recently awarded the 2009 Presidential Safety Award from Oldcastle Materials Group. MPM employees worked a combined total of 600,000 hours last year with zero lost time incidents.

The award is presented to the top five OMG regions as ranked across all five safety metrics which include: lost time incident rate, fleet incident rate, citations per inspection, recordable incident rate and yellow iron incident rate.

This is a great honor that shows the continued dedication to safety that all of our employees share, said Rick Becker, Vice President of Aggregates for Stoneco of Michigan. "The zero lost time incidents were an incredible achievement considering the challenging working conditions we face on a daily basis," Becker added.

Electronic Billing & Wiring

All of our invoices are now available to be sent via email. We need a contact name, an email address, and a phone number. Not only will this result in less paperwork for you but it will also greatly assist us in our further efforts to "Go Green". In addition we can also receive funds by electronic transfer to make payment quick and easy. Please contact Tammy Anson at (734) 587-2612 for more details on these innovative programs.

Remember

Frost laws can be monitored on the Michigan County Road Association Website. A link to this site can be found at the www.stoneco.net website as well as our most current up to date hours of operation and other information regarding our business.

Post – Frost Law Hours

After the frost laws go into effect in Monroe County, the below hours will go into effect at each of our operations. We expect this to be early March.
